

**Arizona Department of Juvenile Corrections
Operating Policies and Procedures Manual
Medical Health Services**

PROCEDURE NO. 3000.03	REF. POLICY NO. 3000	EFFECTIVE: 03/18/04 PRIOR ISSUE: 09/01/03
TITLE: Prohibition of Human Research/Experimentation		AUTHORIZED: W. Dean Neitzke, Assistant Director, Medical Health Services

I. Purpose:

Arizona Department of Juvenile Corrections (ADJC) Medical Health Services Division shall ensure that no juvenile is used as the subject for medical, pharmaceutical, or cosmetic research and/or experimentation.

II. Rules:

1. **HEALTH SERVICES PERSONNEL** shall immediately notify the Correctional Registered Nurse Supervisor (CRNS) upon receipt of any request to conduct medical, pharmaceutical, or cosmetic research and/or experimentation.
 2. **THE CORRECTIONAL REGISTERED NURSE SUPERVISOR (CRNS)** shall notify the Assistant Director of Medical Health Services of all information pertaining to any request to conduct medical, pharmaceutical, or cosmetic research and/or experimentation.
 3. **THE ASSISTANT DIRECTOR OF MEDICAL HEALTH SERVICES** shall ensure that the Correctional Registered Nurse Supervisor (CRNS) immediately notifies the person or persons making requests to conduct medical, pharmaceutical, or cosmetic research and /or experimentation that such requests are prohibited.
 4. **THE ASSISTANT DIRECTOR OF MEDICAL HEALTH SERVICES** shall ensure that any juvenile is afforded an opportunity to receive individual specialized treatment that is not generally available (e.g. AZT treatment for non-symptomatic HIV) following an evaluation and approval by the Medical Director and the Assistant Director of Medical Health Services.
